Field Service Internship Description

Lake Restoration in Rogers, MN is looking to fill multiple seasonal Field Service and Product Packaging positions. Your time will be split between working out in the field and in our warehouse. Field Service members work daily in boats on lakes and ponds around the metro area and statewide providing our lake weed control service. Each two person crew consists of a crew member and a crew manager. While working in the warehouse, you will be part of a team creating and packaging our product kits for our pond and lake customers across the country.

The job will start shortly after the school year ends and will end in early August.

Requirements:

- Ability to lift 50 lbs
- Clean driving record
- Responsible
- Hard working
- Overtime is mandatory
- Boat and trailer experience a plus
- Basic math skills
- GPS experience a plus

Compensation: hourly wage and overtime.

Work week: The hours range from 40 to 50 hours per week.

Please send cover letter and resume to:
